### Description:

A biomorphic formation in hues of Pink suggests the embodiment of the scorpio, set against a backdrop of a delicately painted night sky.

From artist Molly Frances' Nocturnes, a series of collaged paintings that peer into a world of magic and visual poetry.

Molly Frances is an artist working in Los Angeles, inspired by Twentieth Century masters such as Leonora Carrington, Dorothea Tanning, Joseph Cornell, and the artists surround the Semina group.

These prints are floated with a deckled edge.
